

AGSC  
Tuesday Collaboratorium  
Spring 2000

February 25 | 9 – 10:30 am  
AGSC Seminar Room  
781 Marietta St. NW, Suite 115

## United Nations Sustainable Development Goals (UN SDGs) and Design

*Speaker:*

**WEI WANG, School of Industrial Design**

Dr. Wei Wang, Assistant Professor in the School of Industrial Design, will introduce the World Design Organization (WDO) that advocates for *Design for a Better World*, promoting and sharing knowledge of industrial design-driven innovation that enhances the economic, social, cultural, and environmental quality of life. Dr Wang will focus on WDO initiatives to achieve United Nation Sustainable Development Goals (UN SDGs). We invite faculty and students who are interested in learning about the way the design world engages with the SDGs. We aim to have a conversation about how we can engage more designers and design students in the Greater Atlanta region to study global challenges across cultures and how we can better use design thinking and method to achieve SDGs by initiating regional and global partnerships and community engagements.

ACHIEVING THE  
SUSTAINABLE  
DEVELOPMENT  
GOALS  
BY DESIGN
